### McVCIS Multi-Court Voice Case Information System

The United States Bankruptcy Court, Eastern District of Missouri, is pleased to provide McVCIS, the Multi-Court Voice Case Information System designed to provide remote telephone access to bankruptcy case information.

McVCIS requires the use of a touch-tone telephone and allows you to call the Court's computer from any touch-tone telephone where you can hear the following case information read to you by a computer-synthesized voice:

- Case Number
- Names of debtors or principal adversaries
- Case filing date
- Case chapter
- Name of debtor's attorney
- Name of trustee
- Name of judge
- Discharge and closed dates
- Status of the case
- Whether the case is an asset case
- Telephone number of debtor's attorney
- Deadlines for filing proofs of claim
- First meeting of creditor dates

When you call the McVCIS telephone number (866-222-8029, #87), the computer will answer and provide you with detailed instructions. To effectively use the system, please ensure you have the appropriate information before calling. There is no charge for using McVCIS, and you may call 7 days a week, 24 hours per day to retrieve case related information. Since the information is retrieved from the Court's live database, it is the most current information available.
