

U.S. Bankruptcy Court
Eastern District of Missouri

Update to various Appeal Events

Effective August 1, 2012, the Bankruptcy Court will activate updates to several Appeal events.

In an effort to further automate practices between Court units, the Bankruptcy Court for the Eastern District of Missouri has updated several Appeal events to generate an e-mail message to either the Bankruptcy Appellate Panel or the District Court when a specific Appeal event is docketed.

How do these updates impact the attorney filer? You may see a couple new prompts that will require a response from you as you file the event.

Due to the instant e-mail message being sent to the appellate Court upon the filing of an appellate pleading, it is important that you select the appropriate event. Should you accidentally select an incorrect event based on the PDF filed, the Court will notify the appellate Court of the filing error.

If you have any questions regarding this new process, please contact the CM/ECF Help Desk at 1-866-803-9517.
